HELPFUL & FRIENDLY GUIDES
BEAUTIFUL SCENERY

All trips include quality equipment.

Our helpful, friendly, certified guides provide safety and paddling instructions. We offer a fun & exciting raft ride that's suitable even for younger kids. Free shuttle service is available to and from our facility to the river. Allow about 3½ hours for your trip (about 2½ hours on the water).

Fun even for younger children!

Children ages 4 and 5 should enjoy rafting if they are comfortable with the water. Ages 6 and up usually do very well.

What to wear?

In warmer weather wear shorts, a light shirt and shoes that can get wet. Shoes are required, and we usually have water shoes available for purchase at our shop. In cooler weather, a jacket and hat may be helpful. You may want to bring a change of clothes—we have changing rooms in our rafting center for after the trip.

Try a Ducky!

Duckies (Inflatable Kayaks) are the boat of choice for many people. One person Duckies are great for active teens. Tiffany (below) is enjoying a calm spot on the river in a Ducky with her mom.

Great Guides

All our trips are guide-assisted with helpful, friendly guides who love the outdoors and are great with kids. We have a guide for about every 12 guests, but not in each boat. You may pay an additional \$10.00 per person to guarantee a guide in your boat.

Great Area For Kids

Our mountains are a great place for kids. Families with younger kids will enjoy lots of quality activities at a slower pace surrounded by incredible scenic beauty. We’ve developed an activity list, “Kids’ Stuff in the Mountains”, to help you plan and enjoy your stay in the mountains and a “Kids Friendly” lodging list.

Great River For Kids

We run the Tuckasegee River, which you’ll find to be a fun river with forgiving rapids and relatively warm water (70° in summer). It’s not a hardcore whitewater river, but it does have several fun Class I and II rapids (Class III in periods of high water), making it ideal for younger kids and novices. We’ll run the scenic lower gorge of the “Tuck.” We’ll bounce and churn through Papa Bear, Baby Bear, and Mama Bear rapids, plunge through Double Dip and pick our way through Shark’s Tooth. Get set for fun!
